Artist Proposal for the NAC Artist Roster

pg. 1 of 2

Program Overview

The AiS/C program introduces people to the arts through residencies that span four days or longer (20+ contact hours) in which an artist interacts with participants. The artist shares his or her artistic expertise and engages students, teachers, administrators, and the community in workshops, classes, and presentations. Applications are completed online, but please first review the program information listed below, as well as the detailed instructions about support materials on the following page.

Artists should contact NAC staff before applying in order to discuss how the program works and determine if the program would be a good fit. The online application can be found at: <https://nebraska.slideroom.com/>

Only artists who are not currently on the NAC Roster need to apply.

Eligibility – *NEW requirement in 2018*
